EXECUTIVE PROFILE

Passionate Full-Stack Developer and seasoned Project Engineer & Contract Administrator bridging the gap between rigorous engineering discipline and modern web & mobile architecture. Demonstrated track record of delivering high-performance SaaS applications, scalable REST APIs, responsive React interfaces, and managing complex engineering contracts with rigorous quality assurance and international compliance.

TECHNICAL SKILLS & COMPETENCIES

Frontend & Mobile:	React.js, React Native, Next.js, Tailwind CSS
Backend & APIs:	Node.js, Express.js, NestJS, JWT, OAuth 2.0, API Security
Databases:	PostgreSQL, MySQL, Relational Database Management, SQL Query Optimization
DevOps & Tools:	Git & GitHub, Postman, Swagger, Version Control Workflows, Quality Assurance
Engineering Management:	Contract Administration (FIDIC), Cross-Functional Team Leadership, Technical Documentation

PROFESSIONAL EXPERIENCE

Full-Stack Developer — 2022 - Present

Freelance / Remote Consultancy - Addis Ababa, Ethiopia

- Architecting and delivering scalable SaaS web apps and responsive mobile interfaces with modern full-stack technologies.
- Developing high-performance APIs, database architectures, and automated testing pipelines.

Project Engineer & Contract Administrator — 2018 - 2022

Infrastructure Engineering Consultancy - Ethiopia

- Administering national infrastructure contracts, managing diverse stakeholder correspondence, and enforcing strict quality assur
- Managing engineering correspondence, claim assessments, and contractual compliance under FIDIC conditions of contract.

ACADEMIC QUALIFICATIONS

B.Sc. in Civil & Environmental Engineering 2013 - 2018

Addis Ababa University (AAiT) - Addis Ababa, Ethiopia

Rigorous 5-year engineering curriculum covering structural analysis, computational modeling, and project management.

KEY PROJECTS & TECHNICAL HIGHLIGHTS

Enterprise SaaS Dashboard & Management Platform

Technologies: React, Node.js, Express, PostgreSQL, Tailwind CSS

Architected end-to-end full-stack dashboard featuring real-time data visualization, JWT role-based authentication, and optimized SQL

On-Demand Urban Mobility & Ride-Hailing Mobile App

Technologies: React Native, Expo, Node.js, WebSocket, Google Maps API

Developed cross-platform mobile client with live GPS driver-rider matching, responsive interactive maps, and frictionless payment wo

Medical Clinic Management & Appointment System

Technologies: Next.js, Tailwind CSS, PostgreSQL, NestJS

Automated patient booking, doctor schedules, medical records encryption, and SMS reminders with 99.9% uptime reliability.

CORE STRENGTHS & LANGUAGES

* Contract Administration (FIDIC) & Engineering Law
* Cross-Functional Team Collaboration & Leadership
* Quality Assurance, Regulatory Compliance & Testing
* English: Professional Working Proficiency
* Amharic: Native / Bilingual Proficiency
